Dear Jerome,

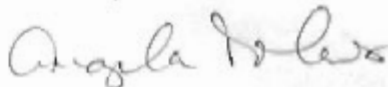

I am writing you this letter to thank you for doing such a wonderful job waterproofing my basement. Before I hired you, my basement had mold growing on the walls, and the smell throughout the house was horrible. Since the work was done, the smell is gone and my basement is dry.

I also want to comment on how professional you and your workers were when doing the job, how neat and clean you left everything when finished, and how quickly you got the job done. My basement is now perfect!

If you ever need to use my name for a recommendation, please feel free to. I have already given your business cards to a contractor friend of mine to recommend you for his business.

Thanks again!

Sincerely,

Angela Tolas
